Dear Derrick and Danielle,

First of all, thank you for the beautiful flowers you gave me. They lasted about a week and a half, and I really enjoyed them.

More important, though, thank you for the wonderful job you did on my house. It was really a pleasure to have you for my contractors. I cannot say enough about how good you are. As you know, my husband was really skeptical when you said the job would take 7 to 8 weeks, and then when you actually finished in that time frame, he was really impressed. I appreciated your competence, the fact that you respected me and my house; that your subcontractors were competent and wanted to do things as I wished them to be done; that you put in such long hours; that I felt I could trust you; and that you gave me really good advice. Most of all you were really nice and it was a pleasure to have you around. (I miss you now!)

Best wishes,

Elaine West
